Senior Delivery Partner

(Delivery Lead)

7+ years experience · Office · Mon–Fri · Indiranagar, Bengaluru

Activity is easy to measure. Outcomes are harder.

We hire. We close. We're accountable for who joins — not just how many profiles were shared.

WHAT YOU'LL OWN

- Full delivery accountability across multiple clients
- Hiring strategy built on signal, not headcount targets
- A team that closes roles — not just fills pipelines
- The entire funnel: brief to day one

WHAT YOU BRING

- Proven leadership in recruitment delivery or program management
- A track record built on closures, not pipeline volume
- Fluency in funnel metrics — conversion, drop-off, efficiency
- Structured thinking and high personal ownership

We don't count profiles shared · We count people who joined

Own the outcome — let's connect.

ABOUT TRIBERA

Tribera combines advisor-led interviews with intelligent signal scoring to deliver shortlists worth interviewing — not just profiles worth scrolling.

We do the hard part early, so hiring teams spend their time on decisions, not discovery.
